We really appreciate ed's help! We thought it would be good to bring Chris T up to speed on our discussions in response to the language in the Chairman's mark.

Good afternoon,

I understand that you all are briefing the Hill on IRIS today. So glad Ed could arrange this for you!

I also think we need to offer up an additional briefing to the associate director of our environment branch at OMB. Might you be able to offer some time in the next couple of weeks where you could visit with him in person in DC?

I am happy to work with the person that manages your schedules, if you want to direct me to him or her.

Thank you,

Holly
